Nebula- Orion Nebula- NASA/ESA

Protostar- Herbig-Haro 46/47 NASA

Brown Dwarf- Brown Dwarf in Celestia, no author

Main sequence - Main sequence star of type G, aka yellow dwarf. Merikanto

Red giant- Chi Cygni, pulsating red giant star, Tyrogthekreeper

Red Supergiant – Betelgeuse, Pablo Carlos Budassi

Supernova- Kepler's Supernova, NASA ESA

Planetary Nebula- Ring Nebula, Pablo Carlos Budassi

White Dwarf- A very cold white dwarf star, Sephirohq

Black Dwarf- Black dwarf star, Baperookamo

Neutron star- Neutron star simulation, Raphael Concorde

Black hole- a view of the M87 supermassive black hole in polarised light, Event Horizon Telescope
